## We are Competing at the Canada Cup!!!

At the beginning of the month, our team competed at the Excelsior Regional Championship, advancing to a Premier event. There were many options for our team to choose from, with competitions all over the world. Just recently, we found out that we will be competing at the Canada Cup Premier Event! The competition will take place from June 13<sup>th</sup> to June 16<sup>th</sup>, with a total of 96 teams competing. As we will be transporting equipment and traveling out of country, the trip is expected to be very expensive. To donate to our GoFundMe, scan the QR code, and to learn more about our team, or how to sponsor us, go to our website [jaybots.org](http://jaybots.org) or send an email to [hello@jaybotsboosters.org](mailto:hello@jaybotsboosters.org).

## CAD Workshop

We hosted a CAD workshop where other FIRST Tech Challenge Teams learned how to use OnShape to plan out designs for their robot and 3D print custom parts for their teams!

## SUNY New Paltz Pi Day

Our team attended SUNY New Paltz's Pi Day where the community drove around our outreach robot and experimented with 3D printing pens.

## Girls Rock STEAM

Our team attended our community's STEAM day for girls, where young girls learned how to make paper circuits, drove around our outreach robot, experimented with 3D printing pens, and asked us questions about our team, FIRST, and our robot!

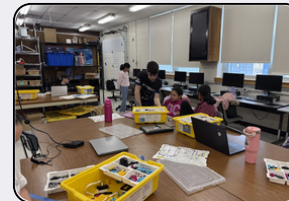

## Evans Elementary STEM Day

We attended Evans Elementary School where our team taught young students how to use 3D printing pens, drive our outreach robot, and use Bee bots.

## Lego Workshop

Our team hosted a lego robotics workshop where young students learned the basics of robotics through building a robot out of legos with guidance from our team!

## EPC Visit

Our team coordinated a meeting with EPC sports to learn more about pitching machines, and how they work. We have taken inspiration, and look forward to both implementing design changes and learning from Mr Martucci again in the future!

### Meet our Secretary!

“ After an amazing season, we are so glad to announce that we will be competing in Canada for the Canada Cup! I am so proud of everything that we’ve accomplished so far, and can’t wait to see how much farther our dedication and enthusiasm will take us! ”

### John Jay Scrimmage 4/10

Come join us in a fun day of competition and collaboration by registering your team using the QR code below! For more information, scan the QR code or email [hello@jaybots.org](mailto:hello@jaybots.org).

*JAYBOTS FIRST ANNUAL...*  
**ROBOTICS  
 SCRIMMAGE**

**FRIDAY, APRIL 10TH, 5PM-8PM**  
 AT JOHN JAY SENIOR HIGH SCHOOL CAFETERIA  
 2012 NY-52, HOPEWELL JUNCTION, NY 12533

*Every team from the Excelsior Region is invited to come participate in the first ever John Jay Robotics Scrimmage held by the JAYBOTS!*

**Scan the QR to let us know you're coming!**
